Brian is a virtuality maestro who is adept in amalgamating his vast marketing acuity with technological expertise. He excels in transforming websites into traffic magnets with exceptional search engine optimization with keen focus on content strategy, competitive research, back linking and keyword research. Brian is proficient in charting the murky waters of website data analytics, the power of React component based language and troubleshooting the nuances of WordPress in addition to creating landing pages. His work results to efficient, scalable, visual stunning, and clean digital masterpieces. Beyond his work life, he is committed to fitness. He dedicates time to weightlifting for physical vitality and mental acuity.
